Woh Ikka Hai Lyrics in English (Romanized)

I can see ya bluffing
I can see ya fronting
Coming from my angle
I can see your hunting
Everybody wants some
Put it on the line, yeah, i bet it all
GOOD trumps evil, Jericho will fall

I can see ya bluffing
I can see ya fronting
Coming from my angle
I can see your hunting
Everybody wants some
Voices in my head keep
Coming in hundreds
Tryna make me fold
But I came from the dungeon

Put it on the line, yeah, i bet it all
GOOD trumps evil, Jericho will fall
Keep your mind on the truth
Only truth will prevail
Push my back against the wall
Then I'm gonna to bring you hell

Angel on my shoulder

Devil at my back
Don't u know My word is my shield
I'm Ready for Attack

U can try you to beat me
Imma pull your card
Don't you know light is the brightest
When u see it from the dark

Andar se zinda
Hota jo banda
Julmon pe chup na rahe

Thokar pe rakhen
Saara zamaana
Bas apne dil ki sune

Imaan hai jiska pukhta
Jo sach ke aage jhukta
Dushman se wo kyun dare

Andheron se guzar ke jo
Chamakta hai
Wo ikka hai

Jo baaziyon ki chaal ko
Badalta hai
Wo ikka hai

U tipping the scales
You gotta answer to God
coming for my family
Then you're coming for War

I look to the heavens
I wrestled with fate
What's the strength of a man?
Will he bend or he break

When the truth costs more
Than you thought you could pay
will you stand on your feet
or are u running away

Defending your honour
do whatever it takes
If justice is sleeping

Will u still stay awake

Don't stop!

Blood, sweat, and your tears

U gotta give it your all

U gotta conquer your Fear

Dont quit!

when they come for your pride, stand tall,

ten toes down, don't lose your sight

Thats it!

Adrenaline on, you gotta fight for your own

You gotta get in your zone

Lock in!

The truth is the key

Let the world burn down

If its bring victory

Imaan hai jiska pukhta

Jo sach ke aage jhukta

Dushman se wo kyun dare

Jo baaziyon ki chaal ko

Badalta hai

Wo ikka hai

Put it on the line, yeah, i bet it all

GOOD trumps evil, Jericho will fall

Keep your mind on the truth

Only truth will prevail

Push my back against the wall

Then I'm gonna to bring you hell

Angel on my shoulder

Devil at my back

Don't u know My word is my shield

I'm Ready for Attack

U can try you to beat me

Imma pull your card

Don't you know light is the brightest

When u see it from the dark
